2024 EDITION HIGHLIGHTS

The 2024 edition brought together global leaders, companies, governments, and organizations to drive urban transformation and shape a better future for cities worldwide.

- A Worldwide Representation - Representatives from over 850 cities and dozens of government pavilions gathered, reinforcing the event's status as a key platform for city leaders and urban innovation.
- World Smart City Awards - 429 top-level proposals received from 64 countries. Shenzhen was recognized with the 2024 City Award. Other winners came from Saudi Arabia, India, Italy, Spain, Ireland, UK, South Korea and USA.
